10PROPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular,  
10OBJECT to the definition of "inordinate amount" which restricts the availability  
and the right to obtain medically necessary compounded medications by limiting  
the number of prescriptions that can be shipped across state lines from specialized  
compounding pharmacies.

COMMENTS: I turned to alternative medications  
after traditional medicine failed to properly  
treat or contain my condition. Through  
the help of a licensed physician I was  
able to obtain medications not available in  
"regular" drug stores. I have been able to  
avoid surgery and return to a healthy,  
productive work & life style.
